### Spigraph Group announces joint venture with NVSSoft to open Spigraph Saudi

**Saint-Quentin-Fallavier, France and Riyadh, Saudi Arabia, 02/02/2015: Spigraph Group**

Spigraph Group, a leading EMEA value-added distributor of document capture solutions, announced today that it has entered into a joint venture with NVSSoft, a UAE-headquartered provider of information management solutions, to create a new company to serve the Kingdom of Saudi Arabia. The company, named Spigraph Saudi, will provide a full range of document capture solutions for corporate and public sector organizations across the country. Spigraph Saudi's portfolio leverages strong, long-standing relationships with its technology partners and includes leading document scanning solutions from PFU Fujitsu and Kodak, ibml's intelligent high-speed scanning solutions, professional book scanning solutions from i2s, wide format scanning solutions from Contex, advanced capture solutions built on Kofax software, web and mobile capture.

"Our joint venture with NVSSoft is an important step to further evolve our business after the acquisitions of ALOS and DICOM, and our expansion strategy in the Middle East is in line with our growth expectations," states Wayne Davey, CEO Spigraph Group. "We are dedicated to fully supporting our customers with a strong local presence in Saudi Arabia, which is one of the highest growth markets in the Middle East. With deep subject matter expertise in working with customers in government, oil and gas, finance and other industries, Spigraph Saudi aims to be the 'go-to' partner for document capture and processing solutions in the region."

Spigraph Saudi brings over 29 years of document capture and distribution competence in delivering innovative solutions to the market. The office will be based in Riyadh and will provide sales, pre-sales, and technical consultancy and customer support, including implementation services, maintenance, spare parts and consumables. Jawher El Mansar has been appointed General Manager of Spigraph Saudi, with Omar Dajani responsible for sales operations.

#### About Spigraph Group

Spigraph Group is the leading document capture solutions and services provider in EMEA. In addition to its portfolio of document scanners from the world's leading manufacturers, Spigraph Group provides its growing customer base with tailored capture solutions to automate document-centric processes such as invoice processing, mailroom automation, mobile and web capture and many more. Spigraph Group services include consulting, implementation, maintenance and support to help organisations to achieve the highest possible level of process automation with a rapid return on investment.
